Paloma Uriel is an architect with extensive international experience in architecture and interior design.

She has worked for architectural practices in Madrid and London including Rogers Stirk Harbour + Partners, Heatherwick Studio, AHMM, Estudio Lamela and Arquitectos Ayala.

She has been teaching with Jaime Hayón at the Master of European Design Labs at the Instituto Europeo di Design in Madrid.

She is currently working on projects of transformation and rehabilitation of buildings highlighting the project for the ACdO studio in Madrid and the Parliament of Geneva, as an interior design consultant for Bonhôte Zapata Architects.

In 2020 she founded, together with Juan Laguna, 9AM Studio - a collaborative project focused on design, architecture, and sustainability. She is currently based in Madrid.
